ABOUT ME

Passionate, self-taught full-stack developer with 4+ years of professional experience and over a decade of hands-on coding. Specialized in e-commerce (Magento 2 / PHP), modern JavaScript frameworks (React/Next, Svelte/SvelteKit, Vue), and process automation/data analysis using Python.

Proven success delivering scalable solutions for international clients at Scandiweb, working across the full stack from backend APIs to performant UIs. Fluent in English and French, with global team experience and a strong adaptability and problem-solving mindset.

EXPERIENCE

Freelance, Front-end Developer | Revelo

Jan 2025 – Present

Remote

- Designed and developed frontend interfaces tailored for consumption by LLM model. Built clean, structured UIs and data flows to optimize AI understanding and response quality. Worked from scratch or refactored existing code to improve model interaction fidelity.

Full-stack Developer | scandiweb

May 2022 – Present

Remote

- Specializing in Magento 2 (Adobe Commerce), delivering custom e-commerce solutions for global clients including Group Dynamite, Haypp Group, Läderach, and others.
- Contributed to both frontend and backend development across multiple projects, using a wide range of modern tools and libraries tailored to each client's needs.
- Certified as an Adobe Certified Expert – Magento Commerce Developer (AD0-E703).
- Played key roles in cross-functional teams of all sizes – from large agile squads to solo dev responsibilities – handling end-to-end feature development, CMS integrations, API design, performance optimization, and CI/CD pipeline maintenance.
- Known for strong debugging skills, fast adaptation to new codebases, and a keen eye for reliability and scalability in production.

Electrical Engineer Intern | Energisa

May 2021 – July 2022

Aracaju, Sergipe, Brazil

- Internship at the department responsible for construction and maintenance of electrical substations and high-voltage transmission lines.
- Promoted a data-driven culture focused on process/workflow automation, as well as big-data analysis and data reports, using Python, Microsoft PowerApps, Power B.I.

EDUCATION

Electrical Engineering | Universidade Federal de Sergipe

2018 – 2023

Aracaju, Sergipe, Brazil

Rotary Youth Exchange Student | Lycée Félix Le Dantec

2014 – 2015

Lannion, Bretagne, France
